DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 2, 4, 5, 9, 10, 18, 34 and 35 are rejected under 35 U.S.C. 102(b) as being anticipated by Lang.

There is disclosed in Lang a cooking apparatus, comprising: a housing supporting a planar cooking surface divided into two cooking surfaces 38, 39 by a center seam, the surface when folded to a position side by side form a coplanar cooking surface; a heating element (not shown); a mechanism 24, 24 disposed along the center seam for preventing fluids from draining therethrough; and controls for the heating elements.

Allowable Subject Matter

Claims 3, 6-8, 11-17 and 19-33 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 36-38 are allowed.

Response to Arguments

Applicant's arguments filed August 27, 2004 have been fully considered but they are not persuasive. Applicant argues that prior art reference to Lang fails to disclose a

cooking apparatus that is foldable along a center seam. Lang discloses a hinge (seam) upon which the apparatus is foldable.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
